

Despite the current challenges of face to face meetings, we have been very busy brokering grapes, bulk wine, and strategic brands the last few months. Since we haven't been able to see as many of you in person as we would like, we decided to put together videos for the Turrentine Market Update as harvest gets underway so you can see the brokers.

Please contact us to list any wines or grapes you need to sell or need to buy or any market questions. We hope you enjoy!
